

Colorado Heights University Liquor Policy

Clients may provide all alcohol for an event, including beer, wine and liquor. Selling alcohol is strictly forbidden unless a non-profit organization procures a special event permit and provides it to the Colorado Heights University event staff in advance of the event date.

CHU requires that a bartender and Denver police officers are present when alcohol is being served at an event. Officers are required to be present from the time alcohol is served until the end of the event. Officers are available at an hourly rate, with a 4 hour minimum. Additional hourly fees will apply for alcohol service and are determined by the number of guests. CHU will hire the appropriate bartenders and Denver police officers for the event.

Clients are allowed to bring alcohol the day before the event and store it in the coolers overnight. All cups, glassware and bar condiments needed for the event must be provided by the client. Any products being brought the day before the event will need to be coordinated between the client and a CHU event manager.
